2025 DETAINED MASTER CALENDAR AND BOND HEARING ANNOTATED FORM

2025 ANNOTATED Detained Master Calendar and Bond Hearing-Immigration Court Observation

It is strongly advised that you review this annotated form periodically to make sure you are correctly completing your observation forms. Please print legibly. Avoid writing in the margins. If comments don't all fit on the page, you may attach an extra word document or put comments in the body of an email. The purpose is to summarize synthesize, and reflect, not to transcribe the hearing. Please make sure the last 3 digits of the A# are on the top left corner of the back page. Observer (full name): Print your first and last name Format date: mm/dd/vvvv Shift start time: \square 8:30 \square 10:00 or 10:30 \square 1:30 \square 3:00 Mark the start time that best correlates to the shift you signed up for GENERAL 2. Country of origin : ____ 1. A#: A# is very important. The last three digits are on the posted docket. Attempt to capture all 9 digits that the Judge reads into the record. If you are missing a number, use X. If possible list the 2 digit code and the full country name. There is a list of frequent country codes in resource/glossary section of the volunteer manual. If you don't know the name of the country just list the 2 digit code. Do not google the two digit country code; the court uses a unique list which doesn't correspond to what you find on the internet. If there is no country code listed on the docket write "blank on docket". Unless pleadings are done, the country is rarely stated during the hearing, you will need to check the posted docket. 3. Gender: ☐ Male ☐ Female ☐ Trans./ non-binary ☐ Unsure ☐ respondent didn't appear, Reason: Assume that if someone is transgender or non-binary, this will be noted in the course of the hearing. Otherwise write male and female according to how they present visually, or are referred to in court. Occasionally the respondent won't appear; an attorney may waive their appearance, or the respondent might be in quarantine or out on a writ. If the respondent doesn't appear, check the box and write the reason. 4. Judge: □ Carr □ Ivany □ Mazzie □ Miller □ Sardelli □ Wood □ Zaske □ Other: _____ Check the box for the judge who conducted the hearings you observed, if other than those listed, check "other" and list the judge's name. 5. DHS Attorney: _____

didn't appear The government attorney names are listed in the references/glossary section of the volunteer manual. If the name isn't listed, do your best to approximate the name. 6. Was the respondent represented <u>today</u>? ☐ Yes ☐ No, pro se ☐ Attorney failed to appear Comment (incl. name if possible): If the respondent does not have an attorney for the observed hearing, they are pro se. A respondent might comment about trying to find an attorney and not getting calls back, or about not being able to afford an attorney; that is a useful comment to write. On a rare occasion a respondent will state that they hired an attorney but the attorney didn't show up, this is a breach and the judge will typically note it. In this situation, check "attorney failed to appear", but only if certain that the attorney had filed with the court, otherwise mark pro se. The name of the attorney is useful, but not required. It is not uncommon that an attorney will appear that was just hired, this is also something useful to list in the comment section. 7. Detention Location: Freeborn Kandiyohi Sherburne Other: ☐ IHP (Prison): ☐ Unknown ICE detains people in county jails in MN. Freeborn, Kandiyohi and Sherburne are the current ICE Detention facilities in MN. Judge Mazzie conducts the hearings for people in ICE detention on Wednesdays and Thursdays. Judge Miller conducts the IHP hearings (people in state or federal prison), on occasional Tuesday mornings, you'll check the IHP box and write the prison name if it is stated when observing the Tuesday IHP docket. 8. Respondent's (R's) best language:

language sometimes differs from what is posted on the docket. There are times when a respondent will say they are capable in a language (often English) and then asks at a subsequent hearing to have an interpreter in their native language. If a respondent is equally comfortable with two languages, note both.
9. Did court find interpreter in R's best language?: ☐ Yes ☐ No If no, what language provided?
If the hearing is conducted in the language the respondent speaks and understands best, mark yes. Sometimes the hearing will be conducted in a language other than the preferred language, most often when someone speaks an indigenous language and the hearing is conducted in Spanish. In this case you'd mark no, and list the language that was provided.
10. Interpretation issues : $\ \ \ \ \ \ \ \ \ \ \ \ \ \ \ \ \ \ $
☐ Attorney waived Comment:
Language access is a critical due process right, so we want to note any communication problems. Check all that apply. None: Interpretation/hearing is in the respondents best language, all dialog is interpreted for respondent and there is no problem with hearing and understanding the person speaking. Incomplete: Not everything is interpreted. Example: sometimes Judges will request that sections, like the introduction and review of evidence, not be interpreted for the sake of speeding up the hearing. This would qualify as incomplete interpretation. Technical problems: background noise, dropped calls, etc. Unable to find: none of the contracted language lines had an interpreter in the requested language, hearing is not conducted. Not in best language: Judge conducts hearing, at least some minor instructions are given, but not using best language. Example someone speaks some English but Russian is best language, no Russian interpreter available, Judge does a reading of rights in English and then continues case to another date.
BOND HEARING
The Judge might conduct a scheduled bond hearing (typically called a custody hearing) or there might be a request for a bond and the judge tells the respondent it won't be conducted that day. You can document the hearing or the discussion below.
11. Did respondent request bond? ☐ No ☐ Yes -bond hearing held today ☐ Yes-bond hearing NOT held today ☐ Unsure
Yes- bond hearing held today is for bond hearings that were scheduled for the day. Yes- bond hearing NOT held today are for requests made or discussion about the conditions for a bond hearing which is not held today. Sometimes a person will ask for a bond when they are not scheduled for a bond hearing, and the judge will tell them they are subject to mandatory detention or that the judge has no jurisdiction over bond because of how the person entered the US and was arrested. You'll mark those below.
12. Bond amount requested? \$ \Boxed No amount specified
If a specific amount of bond is requested (usually only if there is an attorney representing the case), please note the amount requested. Otherwise mark "no amount specified". We aim to analyze how the amount requested compares to the amount granted.
13. Respondent argument/evidence:
Did the respondent understand the need to submit evidence? Did the respondent submit any evidence in support of bond (or did an attorney on their behalf)? Specify the type of evidence- letters of support, proof of earnings, birth or marriage certificates, proof of employment or rehab. Did the respondent understand he/she only gets one bond hearing? What argument or testimony did the respondent provide in support of bond?
14. DHS's principle argument:
DHS did not speak
We are looking at what the government does during these hearings (DHS- means Department of Homeland Security attorney). We want to know what the government attorney has to say, what evidence they submit, how they argue against bond, whether they oppose a continuance etc. Please mark the box DHS did not speak, if they don't present any arguments during the bond hearing.
15. Outcome: $\ \ \sqcup$ Bond Granted $\ \ \sqcup$ Bond Denied $\ \ \sqcup$ U no jurisdiction $\ \ \sqcup$ Withdrew bond request $\ \ \sqcup$ Continuance
☐ Advised request hearing when ready ☐ IJ will issue written decision

At a first hearing the judge should ask the respondent what language they speak and understand the best. The best

proceed. The Judge may state they have no jurisdiction to grant a bond and that only ICE cn issue a parole decision. Sometimes the judge will hear the entire case, but state that they need time to consider all evidence and legal arguments and will issue a written decision. In general you'll only have one answer to this question, but if more apply mark all relevant boxes. 16. If Granted, Bond Amount: \$___ If bond was granted list the amount, and skip questions #17. 17. If denied, why? ☐ Ineligible/mandatory detention ☐ Danger to society ☐ Flight risk ☐ Other If bond was denied, please list reason. If subject to mandatory detention, no need to note if judge also states dangerousness. If Judge notes criminal record or seriousness of police arrest records, this is considered "danger to society" 18. What factors were mentioned in granting or denying bond? Very briefly state what factors were mentioned by judge or in government attorney's arguments, that were accepted by judge; for example: mitigating factors to criminal history, lack of avenues of relief, family or lack of family with status. If the Judge seemed to change their opinion after hearing the government argument, please note that. 19. Did parties reserve appeal on bond? <u>DHS</u>: ☐ Yes ☐ No, waived Respondent: ☐ Yes ☐ No, waived ☐ Judge didn't ask After the judge issues a bond decision, yes or no, the government attorney and the respondent will typically be asked if they wish to reserve appeal. They will either state yes, they reserve appeal or no, they waive. If they reserve appeal they will be given a deadline by which time to file an appeal; there is no need to record this date. If the judge doesn't ask about reserving or waiving appeal, check that box. (Unless waived, an appeal is considered reserved so judges don't always ask). If the Judge did not issue a bond ruling (because request was withdrawn, case was continued of Judge will issue a written decision), this question should be left blank. **REMOVAL HEARING** 20. How did respondent get into ICE custody? ______ ■ Not discussed Some people get put into removal proceedings at the border, others after an encounter with police or ICE. If this is discussed, please note what was said. You can also document how long the respondent has been in custody. 21. Pleadings taken today? ☐ Yes ☐ No If yes, select all that apply: ☐ concedes all in NTA ☐ denies some or all in NTA □ denies receipt of NTA □ denies understanding NTA □ attorney doesn't have NTA □ declines designate country Pleadings are responding to the allegations and charge Notice To Appear (NTA) regarding immigration violations. If pro se, the respondent will typically be sworn in and asked to respond to each allegation individually (they are not a citizen of US, they are a citizen of xx country, etc.). If respondent is represented, the attorney will respond, and will admit or deny factual allegations and concede or deny the charge of removability, but they typically do not read the allegations individually. We are interested in the response to the NTA. Check all that apply, whether the respondent remembers receiving it, understands it, refused to sign it, declines to designate a country, or if the attorney complains that they've had difficulty obtaining a copy of the NTA. Note that pleadings refer to immigration related allegations (which may include criminal convictions for a legal permanent resident) not to pending criminal charges.. There is more about pleadings in the volunteer manual. 22. Did judge screen for eligibility for relief? \Box No \Box Yes, eligible to apply \Box Yes, **ineligible** for any form of relief After pleadings, the judge will ask a series of questions to determine whether the respondent has any potential legal basis to stay in the county. These questions will include whether the respondent has family members with status in the US, has been a victim of a crime in the US, or whether they have a fear of harm if they are returned to their home country. Based on the respondent's answers, the judge will either give the respondent applications to file or determine that the respondent is ineligible for any form of relief. If ineligible for relief, the judge will order removal (deportation). 23. Application: □ Not Discussed □ Given today □ Given previously □ Filed previously □ Atty will file ☐ Unsure

Note what happens to conclude the bond hearing- the judge makes a decision to <u>gran</u>t or <u>deny</u> bond, the respondent (or their attorney) <u>withdraws</u> the bond request, the case is <u>continued</u> and a new date is set, the Judge advises the respondent to <u>make a new request</u> for a bond hearing when they've either obtained an attorney or gathered the documents they need to

LANGUAGE

A# 1.1.25 10. Respondent's preferred language: What language does the respondent speak and understand the best. This has usually been established during master calendar hearings and will appear on the, posted docket. 11. Did court find interpreter in preferred language?: \square Yes \square No; If no, what language provided? ___ If the hearing is conducted in the language the respondent speaks and understands best, mark yes. Sometimes the hearing will be conducted in a language other than the preferred language, most often when someone speaks an indigenous language and the hearing is conducted in Spanish. In this case you'd mark no, and list the language that was provided. 12. Interpretation: ☐ No problems ☐ Problem; Comment: If there are no technical problems, an interpreter was easily available and interpretation was complete mark "no problem". If there are any problems: had to call multiple language lines, couldn't hear, not all conversation was interpreted, dropped calls, unprofessional interpretation, confusion, attorney waived interpretation etc., mark "problem" and explain in the comment section. **MERITS** 13. Relief being sought/ application being heard (check all that apply) Sometimes more than one application is filed but the judge will only take testimony and consider one application. IF the judge only rules on one, it can reserves the ability for the other application to be considered in the future. Asylum, Withholding of removal and ☐ Adjustment of status A form of discretionary relief granted relief under the Convention Against by a judge, allows person to leave US Adjust to Legal Permanent Residentgetting a green card. Torture are all on an I-589 application. without a deportation on the record. ☐ Cancellation: ☐ 42A (LPR) ☐ 42B If they specify which forms of relief you ☐ Other can check each specified application. Any other application filed or Cancellation of removal. 42A is for ☐ Termination Dismissal legal permanent residents, 42 B is if referenced not LPR. If you don't know their status, Ending removal proceedings, may use □ Unsure term dismissal. only check the Cancellation box. ☐ I-589: ☐ Asylum / ☐ WOR / ☐ CAT ☐ Voluntary Departure 14. Comment re evidence submitted by Respondent: The judge will usually discuss what evidence was submitted into the record and by whom. Sometimes a respondent submits nothing but an application. Note if any country conditions reports, support letters, expert opinions etc. are submitted. 15. Comment re evidence submitted by DHS: As above, note what DHS submitted into evidence besides the NTA and I-213. 16. Testimony/ Witnesses- (check all that apply) ☐ Respondent ☐ Family □ Country Expert ☐ Other Supporter ☐ Medical ■Mental Health Who gave testimony and what was their expertise or relationship to respondent? You can also check the box for anyone who submitted written statement, reports or affidavits. 17. Did judge place any constraints on testimony? ☐ Yes ☐ No; Comment:___ At the outset, did the judge place time limits on testimony, state that testifiers wouldn't be able to speak and would be limited to the submitted written testimony, or state that a specific amount of time would be reserved for an oral decision. Did you feel that these constraints, if any, affected the respondent's rights or impacted the outcome? 18. Comment about testifiers/ testimony: ___ Add any relevant comment about content of testimony, who appeared, or how testimony was received (written or verbal), whether testifiers were challenged, and whether the testimony seemed to bolster the case. 19. Were there supporters present (court / webex) who did not testify? \Box no \Box yes, family \Box yes, other supporters

1.1.25 The judge will usually acknowledge everyone present at a merit hearing. If it wasn't expressly stated, use your best judgement about who came to support the respondent. Presence in country 20. Respondent's entry date/ length of time in the US: _____ Unknown Ideally we'd like this answer written in the form of years, or months if less than a year; 1 year and six months would be written 1.5 yrs. If you write down a date (ex: entered in 2007), after the hearing, please calculate the number of years between that date and today. If it is noted that someone came at age 9, do your best to estimate the detainees age and write approximate number of years or write age at entry in the "additional notes" section. Mark "unknown" if the length of time in the US is not discussed. If the person has entered the US more than one time document the time since the most recent entry. Any additional information can go into the comment section of question in question #33. 21. Does respondent have family in the US? ☐ Yes ☐ No ☐ Unknown If family present, who and what status in US: If they are asked and they state no family, mark "no". If they have family in the U.S. check "Yes", and if possible in the space provided, note relationship and status (ex: Wife, undocumented, 2 US Cit. children). Background 22.What was said about conditions in home country? ______ This may be discussed in terms of why they left, and/ or current conditions and why they fear return. Briefly summarize, don't try to transcribe everything said. **Criminal history** 23. Arrests or convictions? ☐ Not Discussed ☐ No criminal Hx ☐ Has at least one arrest ☐ Has at least one conviction Comments: For this you should check only one box. Encounters with police, arrests, or convictions might not be discussed at all, in which case mark not discussed. Sometimes it is made clear that the respondent has had no encounters with police, if that is true, mark "no criminal Hx (Hx=history)". An arrest by ICE or border patrol simply for crossing the border without permission does not count as a criminal encounter. If you know that a respondent has had an encounter with police for a possible criminal matter but that remains pending, or you are unsure of the outcome, mark "has at least one arrest". If the person has any criminal convictions, you will mark "has at least one conviction". You can briefly explain police encounters or convictions in the comment area. If that state where person was arrested or convicted is noted, please write that in the comment section Legal argument For the following three questions we do not want a "transcript" and it is not necessary to quote any statute or case law. We want a summary of the main point each person is making. 24. Describe the main argument of respondent (or attorney): _____ 25. Describe the main argument of government attorney: 26.Describe main questioning / reasoning of Judge: _____ 27. Did judge make an adverse credibility or character finding? | Yes | | No | | Unsure; Comment: For forms of relief that are discretionary (asylum, cancellation), the judge will make a determination that the good in the

person outweighs any negative thing the person has done. This is what is meant by a character finding. The judge will usually outline the good vs the bad in explaining their decision-making. Likewise the judge makes a determination that a

13

respondent is credible, that their testimony is consistent with the information is the submitted evidence and application, are that they seem truthful. This is a question to ask if the Judge mode a negative determination about the respondent's character or credibility. Explain in the comment section and add whether you agree. 2025 NON-DETAINED MASTER CALENDAR HEARING ANNOTATED FORM

1.1.2025

2025 Non-Detained Master Calendar Hearings-Immigration Court Observation

Documenting in non-detained court is significantly different from in detained court. You will complete one form per shift rather than one form per respondent/hearing. Because of the long timelines of non-detained cases, we are not trying to track individual cases or their outcomes. The purpose is to identify new policies or procedures, trends over time, differences between judges, and the unique challenges or due process failings that non-detained cases present. Be aware that many respondents will have cases that have been consolidated with other family members so several individual cases listed on the docket may be conducted as one hearing.

Mark which applications for relief other than asylum were discussed or offered to respondents: ☐ None ☐ Adjustment of status ☐ Cancellation of removal ☐ Cuban Adj Act ☐ SIJS ☐ Termination/dismissal ☐ TPS ☐ VAWA It is not necessary to know what these forms of relief are, just check any that are mentioned as possible pathways for
respondents in the hearings you observe. Feel free to add comments. Cuban Adj Act refers to status under the Cuban
Adjustment Act. Comment:
30. New procedures, policies, or arguments noted:
This is a place to note anything new or different that you notice, or anything that any court personnel say is a new policy, procedure, or practice.
31. Comments about Judge:
You can comment on the behavior, tone, questioning, explanations, etc., of the judge. You may note how they related to the various people in the courtroom, including observers.
32. Comments on DHS attorney:
You can comment about the general tone of the DHS attorney- helpful, argumentative, adversarial, etc., and any consistent or unique legal arguments they make. You can also note if they do or don't participate in general during your shift. 33. Comments about respondents:
You may make general (per shift) or specific remarks (unique cases) about whether respondents asked questions, seemed prepared, seemed to understand or be confused. If there seem to be consistent issues arising from respondents throughout your shift, this is a place to note that. You are not expected to take notes on every case/every respondent. You may note generalities or highlight a case that seems out of the ordinary.
34. Did anyone ask about asylum clock? ☐ Yes ☐ No ☐ Unsure Comment:
The asylum clock is the time after filing an asylum application until a person can apply for a work permit. If the respondent asks for a continuance in order to seek an attorney, this "stops the clock". Some respondents know about the asylum clock and some don't. Some Judges will answer these questions and some won't. If anyone mentions the asylum clock, explain what was asked and answered.
35. Additional impressions, questions, observations, quotes:

Please note if there are procedural improvements or shortcomings that you note in court, this can include issues in the lobby, among other court staff or about proceedings. Feel free to highlight a case that really stands out to you. You may reflect on differences between detained and non-detained cases, ask questions, and share anything that surprised you.
